

## STONE TOWN CENTRE VISION

# PUBLIC CONSULTATION QUESTIONNAIRE

Your help is needed as we continue to develop a shared vision for Stone town centre. A wide range of local community and voluntary groups and organisations, as well as service providers and utilities, have already been asked to identify their future needs and aspirations, and now it is your turn!

The views expressed in the questionnaire responses will be used published on the Council website and to inform the development of the 'Vision' document and will help us guide and manage change within the town centre. It will also help us monitor our progress towards achieving a better town centre for all.

### 1 PART ONE YOUR PRIORITIES

Please list below four priorities for the town centre that you think should be addressed. These can be based on existing strengths and weaknesses within the town centre, things you would like to see changing, or new facilities or services you would like. If four is too many leave some blank. You may complete this part by commenting whether you agree or disagree with the four 'priorities' in the vision document.

My priorities for Stone town centre in order of importance with reasons are....
