APPOINTMENT OF SITE MANAGER

- b) Documentary checks required by any condition will be charged at the officer rate to a maximum of two hours officer time.

The following elements in the non-statutory fees guidance have been considered in forming this policy.

www.gov.uk/government/publications/mobile-homes-fit-and-proper-person-test-guidance-for-local-authorities/mobile-homes-a-guide-for-local-authorities-on-setting-fees-for-the-fit-and-proper-person-test

In addition, a local authority will need to make such inquiries as are necessary in connection with the application, such as those relating to the applicant's management and financial standing.

All time taken in establishing the information required to make an informed decision will be allowed to be included in the application fee, whether or not the entry on the register is granted.

Where an applicant contacts the local authority before making an application to ascertain the likelihood of the success of that application, the authority is expected to give such informal advice, including on likely conditions that may be attached to an entry, so the applicant can make an informed judgement on how to proceed with the application.

The local authority cannot charge separately for its advice or work in advance of receipt of the application. However, it can build into its fee structure for such applications the costs (or likely costs) it incurs as a result of such pre- application advice, including where no formal application is subsequently submitted.
