1. Introduction

The Infrastructure Funding Statement (IFS) is an annual report which provides a summary of the developer contributions secured, received and used by Stafford Borough Council during each financial year.

Stafford Borough Council currently seek developer contributions through Section 106 (S106) agreements, also known as planning obligations. A S106 agreement is a legally binding agreement made between the developer and the Council which requires the developer to meet obligations to mitigate the impacts of the development proposed. A S106 agreement can include multiple obligations of different types, including:

- Financial obligations, requiring the developer to pay a financial contribution which must be used for defined purposes, such as open space or sports facilities. These are often to be spent off-site and required to be spent within proximity of the development.
- Non-financial contributions, such as undertaking certain works. For example, the provision of open space or affordable housing. These are often delivered on-site, although can be provided off-site.

The information included in the IFS will be updated annually and published on the Council's website. This will ensure that the most up to date information is readily available to the public and other interested parties, in line with Schedule 2 of The Community Infrastructure Levy (Amendment) (England) (No 2) Regulations 2019.

Staffordshire County Council is also responsible for the provision of infrastructure and collects planning obligations from development within Stafford Borough for education and highway provisions. Details on education and highway provisions are therefore not contained within this report, and are detailed within Staffordshire County Council's IFS which can be [found here](#).

Summary

A summary of the data for the financial year 2024/25 (1 April 2024 to 31 March 2025) can be found below, with further details within the relevant sections of this report.

During the financial year, a total of:

- 8 Section 106 agreements have been entered into, which have secured a total of £26,703.67 in financial contributions but no affordable housing units this year.
- £1,269,281.06 has been received in financial contributions and 199 affordable housing units have been completed.
- £815,888.58 has been allocated to projects.
- £741,136.85 has been spent on various infrastructure projects.

At the end of the financial year 2024/25, a total of £7,034,531.40 has been retained. Of this:

- £3,071,649.01 has been allocated to projects; and
- £3,962,882.39 is available to be allocated to a project(s).

2. Section 106 agreements secured in 2024/25

During the financial year 2024/25, 8 Section 106 agreements have been secured between Stafford Borough Council and developers. These contributions will be paid by the developer either once development has commenced on site, or once a specified payment trigger point has been delivered. In total, these contributions amount to £26,703.67 of financial contributions (without indexation), and no affordable housing units.

3. Section 106 contributions received in 2024/25

The total amount of money received from Section 106 contributions during the financial year 2024/25 was £1,269,281.06. This money can be spent on projects to deliver infrastructure within Stafford Borough. A S106 agreement will stipulate where this money can be spent and usually needs to be spent within proximity to the development. In addition to the financial contributions received, a number of non-financial contributions have also been received, including the completion of 199 affordable housing units.

4. Section 106 allocations in 2024/25

The total amount of Section 106 contributions allocated during the financial year 2024/25 was £815,888.58. This includes money received from Section 106 financial contributions in the financial year 2024/25, as well as contributions received from previous financial years. Allocated S106 financial contributions is money which has been assigned to be spent on a project and has not yet been spent on the project.

7. Conclusion

Stafford Borough Council is committed to working with the local community and other stakeholders to ensure that planning contributions are used in a fair and transparent way to maximise the benefits and opportunities arising from development, such as new affordable homes, community infrastructure, jobs and environmental improvements.

We have identified a need to improve the planning and delivery of Section 106 income and expenditure to respond to the levels of funding received. Steps are being undertaken to address these issues. Any changes to how the Council manage the Section 106 process will be considered, including any changes resulting from the Government's consultations on planning reforms, once detailed policy and associated guidance has been released.
