

Stafford Borough Council

Statement of Five Year Housing Land Supply (at 31 March 2018)

Introduction

This five year housing land supply statement sets out Stafford Borough Council's residential land supply position as at 31st March 2018, and considers the likelihood of that supply constituting a five year supply of housing land.

The National Planning Policy Framework (NPPF) seeks to ensure that the planning system delivers a flexible, responsive supply of housing development land to meet objectively assessed needs. It requires that Local Planning Authorities identify sufficient specific deliverable sites to deliver the next five years of housing provision.

This document addresses the following key questions:

- What is the five-year housing land requirement?
- How much deliverable housing land is there in Stafford Borough?
- How many years of housing land supply exist?

Five Year Requirement

The introduction of the NPPF in 2012 has resulted in a greater emphasis being placed on Local Planning Authorities to determine their own housing requirements using the most up-to-date evidence base. This is continued through the Draft NPPF (March 2018) and Draft PPG (March 2018).

Objectively assessed need

In producing the Plan for Stafford Borough an extensive amount of work has been carried out to establish the objectively assessed housing needs of the Borough. This includes a Strategic Housing Market Assessment and a Strategic Housing Land Availability Assessment.

The Plan for Stafford Borough 2011-2031 (Part 1) was adopted on the 19th June 2014. It sets a requirement for 500 dwellings per annum, to be delivered over the Plan period. The Inspector's Final Report concluded that "*When all the evidence on the overall housing requirement for Stafford is examined, I am satisfied that SBC has made an objective assessment of the need for market and affordable housing in the Borough in a thorough and proportionate manner, having regard to a wide variety of relevant factors and recent household / population projections, building on existing information sources and having regard to the wider housing market. Furthermore, it has expressly identified a proposed level of housing provision in the PSB which fully meets those needs*".

It is considered that a requirement of 500 dwellings per annum is the most up-to-date, objectively assessed, independently examined figure available.

Buffer

Draft Planning Practice Guidance (March 2018) advocates a 5% buffer to ensure choice and competition in the market, a 10% buffer where the Local authority wishes to demonstrate the supply through an Annual Position Statement and a 20% buffer where the planning delivery test falls below 85% of the requirement. In the light of significant over-delivery in the last 3 years and consideration of the new guidance a 10% buffer has been applied.

The table below sets out the total completions for the past 7 years (the adopted Plan period) and the significant over-delivery in the last 3 years.

Year	Completions	Target	Shortfall
2011/12	425	500	75
2012/13	306	500	194
2013/14	411	500	89
C2 completions ¹ 2011 - 2014	69	n/a	- 69
2014/15 ²	428	500	72
2015/16 ³	688	500	-188
2016/17 ⁴	1010	500	-510
2017/18 ⁵	863	500	-363
Total	4,200	3,500	-700

Shortfall

The Plan for Stafford Borough, and the associated evidence base, identifies the objectively assessed housing need across the Borough. As stated in the National Planning Practice Guidance “*Objective current assessments of need will reflect the consequences of past under or over delivery of housing and should therefore address the question of how to deal with past delivery rates*”. Since the start of the Plan period there has been over-provision against the Plan target of 700 dwellings. Therefore, there is no need to allow for a shortfall in the calculations, nor to consider how any shortfall should be addressed.

Requirement per annum	500
Requirement 1 st Apr 2011 – 31 st Mar 2018	3,500
Net Completions 1 st Apr 2011 – 31 st Mar 2018	4,200
Shortfall 1st Apr 2011 – 31st Mar 2018	-700

¹ Between the years 2011 – 2014 the Council did not count C2 residential accommodation as contributing towards the 5 Year Land Supply. As there were 69 previously uncounted C2 completions between 2011 and 2014, the shortfall from these years should be reduced by 69. Appendix 1 sets out completions data for all C2 dwellings that have been recorded as completions between 2011 and 2014.

² This includes C2 and C3 completions for the monitoring year 2014/15.

³ This includes C2 and C3 completions for the monitoring year 2015/16.

⁴ This includes C2 and C3 completions for the monitoring year 2016/17.

⁵ This includes C2 and C3 completions for the monitoring year 2017/18.

Housing Land Requirements

The Housing Land Requirements are set out below including a 10% buffer allowance.

Housing Target 2018 - 2023 (500 dwellings p/a)	2,500
Housing Target 2018 - 2023 (10% buffer applied)	2,750
Total Housing Requirement 1st April 2018 – 31st March 2023	2,750
Annualised Housing Requirement 2018 - 2023	550

Housing Land Supply

Sites with Planning Permission

As indicated in the national Planning Practice Guidance (PPG) sites with planning permission should be considered deliverable until permission expires or unless there is clear evidence that schemes will not be implemented within five years.

Small sites with Planning Permission (Appendix 3) - These are sites where there are less than 10 dwellings, which the Council considers to be deliverable in the next five years as they have the benefit of residential consent granted in the last 5 years. There are a number of small sites with a valid permission that were granted prior to March 2013. The Council considers that small sites which have either been under-construction or have not started for over 5 years are not a reliable source of supply, so they have been removed from the calculation. A 10% “lapse rate” is quite commonly applied to smaller sites to reflect the likelihood that some of the sites will not come forward during the five year period.

Therefore the committed figure of 261 units is reduced by 26 units, to give a revised total of 235 committed units.

Large sites with Planning Permission (Appendix 4) - These are sites of 10 or more dwellings, which the Council considers to be deliverable in the next five years as they have the benefit of residential consent. To assess the deliverability of these larger sites, the Council has contacted the relevant developers to determine the progress of each site and when it is likely to be delivered. Where confirmation of delivery has not been received a 10% discount has been applied.

Following these discussions, the committed figure from larger development sites is 836 units.

Sites with Planning Permission for C2 residential accommodation (Appendix 5) - the PPG makes it clear that certain types of C2 residential accommodation can be counted towards the housing requirement.

The Council considers it prudent to differentiate between the different types of accommodation classed as C2. Where all the facilities for each unit (dwelling) are behind a separate door, these units will be counted in full towards the supply. However, where a development is a “bedroomed” development, such as a care home, the number of bedrooms provided cannot simply be used as a proxy for the number of dwellings that will be released to the market, thus contributing to a net increase in supply. The Council considers it reasonable to apply a 25% reduction to reflect the fact that a proportion of bed spaces in residential homes are likely to be taken up by individuals who do not release their previous dwelling for occupation by a separate householder⁶.

⁶ This differentiation between different types of C2 accommodation and the associated application of a discount to “bedroomed” development applies to both completions and commitments. The C2 completions figures on page 2 reflect this approach.

The committed figure from self-contained units is 82. The committed figure from bedroomed developments of 126 units is reduced by 32 units to give a revised total of 94 committed units. Therefore the total committed figure from C2 uses is 176 units.

Allocated sites

It is considered that the Strategic Development Locations (SDLs) identified in the adopted Plan for Stafford Borough are deliverable. The Inspector's Report concluded in paragraphs 85 and 100 that the development strategy, including the SDLs, was appropriate, effective, deliverable, sustainable, justified and soundly based. The Council has regular contact with the developers of these sites and is confident in their deliverability.

The SDL allocations will deliver 2,014 houses in the five year period (Appendix 6).

Un-built housing allocations that were previously listed in the Stafford Borough Local Plan 2001 are not considered deliverable, unless they have planning permission, in which case they have been counted under Sites with Planning Permission.

Comparing Requirements with Supply – Five Year Supply Summary

The calculations of residential requirement and land supply, as set out below, show how the Borough will meet its objectively assessed need, as required by the National Planning Policy Framework.

The information in this report shows that the Council has a total supply of 5.93 year's deliverable housing land available.

Annualised housing requirement	Total annual housing requirement (2018 - 2023) including 10% buffer	550
Total five year supply breakdown	Small Sites with Planning Permission	235
	Large Sites with Planning Permission	836
	Sites with Planning Permission for C2 residential accommodation	176
	Strategic Development Locations	2014
	Total Deliverable sites (2018 - 2023)	3261
Total five year supply	Supply / Requirement (3261 / 550)	5.93

Appendix 1 – Use Class C2 Completions 2011 - 2014

Address	Settlement	Planning Application No.	Proposal	Date Decision Issued	Bedroomed Development Completions (net gain)	Self-Contained Unit Completions (net gain)
Burley Heights	Seighford	13/18902/COU	Change of use of existing residential dwelling to Class C2 Use - Residential Institution with associated car and cycle parking, boundary treatments, refuse point and provision of a secure therapeutic garden	09/08/2013	5	0
Land At No. 25 Hilderstone Road	Meir Heath	11/15248/FUL	Demolition of bungalow and construction of a Mini Extra Care Scheme comprising 7 No one bedroom flats, staff accommodation and communal facilities, with associated car parking.	13/10/2011	0	6
Heyfields House	Tittensor	12/16561/OUT	Proposed specialist continuing care nursing home	22/02/2012	11	0
Land South Of Cooperative Street	Stafford	12/17900/FUL	Demolition of buildings; replacement with Health and Well Being Centre, Extracare, Community Hub, Energy Centre and Dementia Care buildings with public space; new dwellings including supported housing.	04/02/2013	59	0
Land At 22 The Crescent, Doxey	Stafford	12/17703/FUL	Demolition of existing building & construction of a mini extra care scheme comprising of 8 no. one bedroom flats with independent supported living for people with learning disabilities, staff accommodation and communal facilities with associated parking	20/02/2013	0	7
				Totals	75	13
				25% discount	56	

Applying the 25% discount to the bedroomed development completions reduces the contribution from this type of development to 56. The total C2 completions figure for 2011-2014 is 69.

Appendix 2 – 2017/18 Completions information

Completion Type	Completions
Market and affordable permissions	490
SDL	309
C2 permissions (bedroom developments discounted by 25%)	64
Total	863

The total number of completions for the monitoring year 2017/18 is 863. A full breakdown of the completions is provided in the housing land monitor – Land for New Homes.
