

Community Awards

Do you know a project, individual, team, group or business who should be celebrated for the difference they make to their community?

Stafford
BOROUGH COUNCIL

www.staffordbc.gov.uk

Do you know a project, individual, team, group or business who should be celebrated for the difference they make to their community?

Stafford Borough Council Community Awards are open to any public, private and voluntary sector organisations and individuals who are working hard to contribute to the wellbeing of their community.

Do you know someone who gives up their own time to help others and keep them company or who has set up a local lunch club or foodbank? Are you involved with projects that promote a healthier lifestyle, like setting up a running or walking club or cook and learn project? Is there a business or group which contributes to a healthier environment through litter picking, recycling projects, keeping your community clean and tidy or has taken action to conserve wildlife and support biodiversity?

If so we'd like to hear from you.

Categories

Inspiring Individual (under 18)
