

## Holmcroft Skatepark Consultation Outcome

Date: 26.12.2020

### Introduction

3no. designs were created, which offered differing forms and styles, in order to give a broad range of design for the community to choose and therefore have the greatest opportunity to have a design that best meets the needs of the local community. The voting system was run for two weeks via an online voting system, hosted by Canvas Spaces Limited. The results of the engagement and voting are shown in the below table, fig 1.
