- 3.4 The term “Taxis” is used throughout this Policy to refer to both Hackney Carriages and Private Hire Vehicles.

- 4.5 Where a medical certificate has been produced or not, applicants may be required to arrange a further medical with the Council’s approved medical provider in order to assess their fitness as a driver. The Council to bear the cost.

POLICY STATEMENT RELATING TO RELEVANCE OF CONVICTIONS FOR HACKNEY CARRIAGE / PRIVATE HIRE DRIVERS AND OPERATORS

Applicants

All applicants for Hackney Carriage or Private Hire driver licences are required to declare any convictions or cautions, fixed penalty notices and DVLA licence endorsements - including any pending convictions and investigations. All applicants must also submit to Disclosure and Barring Service checks. The Council will deal with all information provided in strict confidence. Any information will be retained for no longer than is necessary for the purposes of processing the application for the Licence.

Driver's Duty to Inform the Council

Once a Licence has been granted, drivers are required to inform the Council in writing and within 48 hours of any offence with which s/he is charged; any pending court appearances; any convictions; the acceptance of a fixed penalty notice; any endorsements for motoring offences; the acceptance of a speed or other awareness course and all cautions imposed on them since the grant of the Licence. In addition, Drivers are required to inform the Council in writing and within 48 hours of becoming aware of any pending criminal investigation that concerns them.

Consideration of Applications

Each and every case will be decided on its own merits and accordance with this policy.

Public Safety is the Primary Concern

Public safety is the primary concern for the licensing of Hackney Carriage and Private Hire Drivers. The Council has a duty to ensure, so far as possible, that Drivers are "fit and proper" persons to hold licences. The Council has to consider whether Drivers are fit and proper when they apply for licences, and it also has to consider whether they remain fit and proper throughout the time that the licence remains in force.

Both hackney carriage and private hire drivers are exempt from the provisions of the Rehabilitation of Offenders Act 1974. This means that there are no "spent" convictions and that any and all criminal convictions (apart from "protected convictions" and "protected cautions" where they have been declared) can be taken into account by the local authority in assessing safety and suitability, but only relevant spent convictions should be considered by the decision maker.

Drivers

- 1 As the criteria for determining whether an individual should be granted or retain a hackney carriage driver's licence are identical to the criteria for a private hire driver's licence, the two are considered together.
- 2 A driver has direct responsibility for the safety of their passengers, direct responsibility for the safety of other road users and significant control over passengers who are in the vehicle. As those passengers may be alone, and may also be vulnerable, any previous convictions or unacceptable behaviour will weigh heavily against a licence being granted or retained.
- 3 As stated above, where an applicant has more than one conviction showing a pattern or tendency irrespective of time since the convictions, serious consideration will need to be given as to whether they are a safe and suitable person.
- 4 In relation to single convictions, the following time periods should elapse following completion of the sentence (or the date of conviction if a fine was imposed before a licence will be granted).

Crimes resulting death

Where an applicant or licensee has been convicted of a crime which resulted in the death of another person or was intended to cause the death or serious injury of another person they will not be licensed.

Exploitation

Where an applicant or licensee has been convicted of a crime involving, related to, or has any connection with abuse, exploitation, use or treatment of another individual irrespective of whether the victim or victims were adults or children, they will not be licensed. This includes slavery, child sexual exploitation, grooming, psychological, emotional or financial abuse, but this is not an exhaustive list.

Offences involving violence

Where an applicant has a conviction for an offence of violence, or connected with any offence of violence, a licence will not be granted until at least 10 years have elapsed since the completion of any sentence imposed.

Possession of a weapon

Where an applicant has a conviction for possession of a weapon or any other weapon related offence, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.

Sex and indecency offences

Where an applicant has a conviction for any offence involving or connected with illegal sexual activity or any form of indecency, a licence will not be granted.

In addition to the above, the licensing authority will not grant a licence to any applicant who is currently on the Sex Offenders Register or on any 'barred' list.

Dishonesty

Where an applicant has a conviction for any offence of dishonesty, or any Offence where dishonesty is an element of the offence, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.

Drugs

Where an applicant has any conviction for, or related to, the supply of drugs, or possession with intent to supply or connected with possession with intent to supply, a licence will not be granted until at least 10 years have elapsed since the completion of any sentence imposed.

Where an applicant has a conviction for possession of drugs, or related to the possession of drugs, a licence will not be granted until at least 5 years have elapsed since the completion of any sentence imposed. In these circumstances, any applicant will also have to undergo drugs testing at their own expense to demonstrate that they are not using controlled drugs.

Discrimination

Where an applicant has a conviction involving or connected with discrimination in any form, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.

Motoring convictions

Hackney carriage and private hire drivers are professional drivers charged with the responsibility of carrying the public. Any motoring conviction demonstrates a lack of professionalism and will be considered seriously. It is accepted that offences can be committed unintentionally, and a single occurrence of a minor traffic offence would not prohibit the grant of a licence or may not result in action against an existing licence. Subsequent convictions reinforce the fact that the licensee does not take their professional responsibilities seriously and is therefore not a safe and suitable person to be granted or retain a licence. Drink driving/driving under the influence of drugs/using a hand-held telephone or hand-held device whilst driving. Where an applicant has a conviction for drink driving or driving under the influence of drugs, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence or driving ban imposed. In these circumstances, any applicant will also have to undergo drugs testing at their own expense to demonstrate that they are not using controlled drugs.

Where an applicant has a conviction for using a hand-held mobile telephone or a hand held device whilst driving , a licence will not be granted until at least 5 years have elapsed since the conviction or completion of any sentence or driving ban imposed, whichever is the later.

Other motoring offences – Definition of Major and Minor Offences

A minor traffic or vehicle related offence is one which does not involve loss of life, driving under the influence of drink or drugs, driving whilst using a mobile phone, and has not resulted in injury to any person or damage to any property (including vehicles)

Where an applicant has 9 or more points on their DVLA licence for minor traffic or similar offences, the applicant will be required to undertake driver assessment training as approved by Stafford Borough Council, each case will be taken on its own merit.

A major traffic or vehicle related offence is one which is not covered above and also any offence which resulted in injury to any person or damage to any property (including vehicles). It also includes driving without insurance or any offence connected with motor insurance. Where an applicant has a conviction for a major traffic offence or similar offence, a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.

Hackney carriage and private hire offences

Where an applicant has a conviction for an offence concerned with or connected to hackney carriage or private hire activity (excluding vehicle use), a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.

Vehicle use offences

Where an applicant has a conviction for any offence which involved the use of a vehicle (including hackney carriages and private hire vehicles), a licence will not be granted until at least 7 years have elapsed since the completion of any sentence imposed.

Private Hire Operators

A private hire operator (“an operator”) does not have direct responsibility for the safety of passengers, other road users or direct contact with passengers who are in the private hire vehicle (except where they are also licensed as a private hire driver). However, in performing their duties they obtain and hold considerable amounts of personal and private information about their passengers which must be treated in confidence and not revealed to others, or used by the operator or their staff for criminal or other unacceptable purposes.

As stated above, where an applicant has more than one conviction, serious consideration will need to be given as to whether they are a safe and suitable person

Operators must ensure that any staff that are used within the business (whether employees or independent contractors) and are able to access any information as described above are subject to the same standards as the operator themselves. This can be effected by means of the individual staff member being required by the operator to obtain a basic DBS certificate. If an operator is found not to be applying the required standards and using staff that do not meet the licensing authority’s overall criteria, that will lead to the operator’s licence being revoked.

As public trust and confidence in the overall safety and integrity of the private hire system is vital, the same standards will be applied to operators as those applied to drivers, which are outlined above.

Vehicle proprietors

Vehicle proprietors (both hackney carriage and private hire) have two principal responsibilities.

Firstly, they must ensure that the vehicle is maintained to an acceptable standard at all times.

Secondly, they must ensure that the vehicle is not used for illegal or illicit purposes.

As stated above, where an applicant has more than one conviction, serious consideration will need to be given as to whether they are a safe and suitable person to be granted or retain a vehicle licence.

As public trust and confidence in the overall safety and integrity of the private hire system is vital, the same standards will be applied to proprietors as those applied to drivers, which are outlined above.

QUICK FACTS REGARDING WHEELCHAIR ACCESS AND EQUALITY

- You should **always** take wheelchair fares if you have a wheelchair accessible vehicle
- Never ask individuals in wheelchairs to get out of the wheelchair and into your taxi, you should know how to get them in and out of your car and properly strapped in whilst you are taking the fare
- The charge for a wheelchair passenger should be **no more** than the standard fare for that journey
The only time a driver does **not** have to take a wheelchair user is if they are carrying an exemption certificate
