Subject: statement of common ground

Dear Sean

I apologise for this late e mail but I have only this morning seen the statement of common ground for the land to the West of Stafford SDL.

The reason for writing is to ask you to inform the inspector that it is fatally flawed in that it does not include ST MODWEN OR NETWORK RAIL as part of the agreement whose approval would be needed to allow the Western By Pass to be implemented.

This document cannot therefore in its present form be taken so as to indicate that the whole scheme can proceed.

This is a fundamental point of which the inspector should be made aware.

Regards

Paul Shaw
